Ever Shop Web Manual Testing

Answer: 1

High Priority:

1. What type of search should it supported (Exect or Partial match)?
2. Is search bar case sensitive?
3. What fields are searchable (product or brand name)?
4. Should search results update dynamically?
5. What happen when no results match?
6. Is it support special characters?

Medium Priority:

7. Should it show search history?
8. Should it show search suggestion/ autocomplete?
9. Is there show search filters icon?

Low Priority:

10. Is there a search limit?

Answer: 2

Test Case

Search Feature:

Test ID	Section	Test Scenario	Precondition	Steps	Input Data	Expected Result	Priority
TID -001	Search Feature	Search with a valid product name	User is in homepage.	1. Click search bar 2. Enter valid product name 3. Click enter	Stainless Steel Thermos	Relevant products are display	High
TID-002	Search Feature	Verify case sensitive search	User is in homepage.	1, Click search bar 2. Enter lowercase keyword 3 press enter	stainless steel	Result match and show product	Medium

TID -003	Search Feature	Verify partial keyword	User is in homepage.	1. Click search bar 2. Enter partial text 3. Press enter	Stainless	Matched products are shown below search bar	High
TID -004	Search Feature	Search with invalid keyword	User is in homepage.	1. Enter random text in search bar 2. Press enter	Abc21	“No product found” message will appear.	High
TId -005	Search Feature	Search with empty keyword	User is in homepage.	1. Click on search bar 2. Press enter	Blank	“Invalid Search” will appear.	Medium
TID -006	Search Feature	Search with special characters	User is in homepage.	1. Enter special characters on search bar 2. press enter	#@~!	“Invalid Search” message will appear.	Medium
TID -007	Search Feature	Verify dynamic search	User is in homepage.	1. Click on search bar 2. Start typing	Stainl	Suggestions appear dynamically	High
TID-008	Search Feature	Search with unique id	User is in homepage.	1. Enter unique id 2. Press enter	VASE-004-WHT	Show exact product	High
TID -009	Search Feature	Search with brand name	User is in homepage.	1. Enter brand name 2. Press enter	Nasir Glass	Show brands related products.	Medium
TID -010	Search Feature	Verify search performance	User is in homepage.	!. Enter product name 2. Measure response	Stainless steel	Results load within 2 sec.	Medium
TID -011	Search Feature	Verify search result relevance	User is in homepage.	1. Search product	Stainless steel	Most relevance product will appear first	High
TID -012	Search Feature	Verify search with long keyword	User is in homepage.	1. Enter long text 2. Press enter	Modern Ceramic Vase – White edition	System show product without crash	Medium
TID-013	Search Feature	Search with spaces	User is in homepage.	1. Enter keyword with spaces	“ Stainless Steel “	Space are ignored and show relevant product	Medium
TID -014	Search Feature	Search using filtering	User is in homepage.	1. Apply filter 2. Search product	Stainless Steel + Black	Filtered results displayed	High

TID -015	Search Feature	Verify search history is save	User is in homepage.	1. Click on search icon		Show previous search history	Low
TID -016	Search Feature	Verify auto clear after search	User is in homepage.	1. Search valid product name. 2. Press enter.	Stainless Steel	Auto clear product name from search bar	Medium
TID -017	Search Feature	Verify auto clear after cancel	User is in homepage.	1. Search valid or invalid product name. 2. Cancel the search	Stainless Steel or abc	Auto clear product name from search bar	Medium
TID -018	Search Feature	Verify minimum character limit	User is in homepage.	1. Enter 1 character 2. Press Enter	"a"	System shows validation or no search triggered	High
TID -019	Search Feature	Verify maximum character limit	User is in homepage.	1. Enter very long text (> allowed limit) 2. Press Enter	50+ characters	System restricts input or shows error message	High

Test Case Execution

Answer: 3

Test ID	Test Scenario	Precondition	Steps	Test Data	Expected Result	Actual Result	Severity	Status
TID - 001	Search with a valid product name	User is in homepage.	1. Click search bar 2. Enter valid product name 3. Click enter	Stainless Steel Thermos	Relevant products are display	Relevant products are displayed.	High	Pass
TID-002	Verify case sensitive search	User is in homepage.	1, Click search bar 2. Enter lowercase keyword 3 press enter	stainless steel	Result match and show product	Result match and show product successfully	High	Pass

TID -003	Verify partial keyword	User is in homepage.	1. Click search bar 2. Enter partial text 3. Press enter	Stainless	Matched products are shown below search bar	Successfully show relevant product	High	Pass
TID -004	Search with invalid keyword	User is in homepage.	1. Enter random text in search bar 2. Press enter	Abc21	"No product found" message will appear.	"No products found" message successfully appear.	High	Pass
TId - 005	Search with empty keyword	User is in homepage.	1. Click on search bar 2. Press enter	Blank	"Invalid Search" will appear.	Redirect to home page.	Medium	Failed
TID -006	Search with special characters	User is in homepage.	1. Enter special characters on search bar 2. press enter	#@~!	"Invalid Search" message will appear.	"No products found" will appear.	Medium	Pass
TID -007	Verify dynamic search	User is in homepage.	1. Click on search bar 2. Start typing any product name	Stainl	Suggestions appear dynamically	Not fully dynamic. Write at least 1st portion of the product.	High	Failed
TID-008	Search with unique id	User is in homepage.	1. Enter unique id 2. Press enter	VASE-004-WHT	Show exact product	"No products found" will appear.	High	Failed
TID -009	Search with brand name	User is in homepage.	1. Enter brand name 2. Press enter	Nasir Glass	Show brands related products.	Do not mention Band name	Medium	Failed
TID -010	Verify search performance	User is in homepage.	!. Enter product name 2. Measure response	Stainless steel	Results load within 2 sec.	Show relevant product within fraction of second.	Medium	Pass
TID -011	Verify search result relevance	User is in homepage.	1. Search product 2. press enter	Stainless steel	Most relevance product will appear first	Successfully show relevant product	High	Pass
TID -012	Verify search with long keyword	User is in homepage.	1. Enter long text 2. Press enter	Modern Ceramic Vase – White edition	System show product without crash	No product show. "No products found" message appear.	Medium	Failed

TID-013	Search with spaces	User is in homepage.	1. Enter keyword with spaces	“ Stainless Steel “	Space are ignored and show relevant product	Ignored space and show relevant product.	Medium	Pass
TID -014	Search using filtering	User is in homepage.	1. Apply filter 2. Search product	Stainless Steel + Black	Filtered results displayed	There is no option to filtered search	High	Failed
TID -015	Verify search history is save	User is in homepage.	1. Click on search icon		Show previous search history	Don’t show previous history	Low	Failed
TID -016	Verify auto clear after search	User is in homepage.	1. Search valid product name. 2. Press enter.	Stainless Steel	Auto clear product name from search bar	Successfully auto clear product name from search bar.	Medium	Pass
TID -017	Verify auto clear after cancel	User is in homepage.	1. Search valid or invalid product name. 2. Cancel the search	Stainless Steel or abc	Auto clear product name from search bar	Don’t auto clear previous searched product name after click on cancel.	Medium	Failed
TID -018	Verify minimum character limit	User is in homepage	1. Enter 1 character 2. Press Enter	"a"	System show “No product found”	No limit. Successfully show “No product found” message	High	Passed
TID -019	Verify maximum character limit	User is in homepage	1. Enter very long text (> allowed limit) 2. Press Enter	50+ characters	System restricts input or shows error message	No error message shown	High	Failed

UI + API Testing, Defects & Report

Answer: 4

UI Test Cases

Test URL: https://demo.evershop.io/

Project name: Shopping Cart

Priority: High

Tester: Sakibur Rahman

Test objective: Verify that the Shopping Cart works correctly.

Test Date: 2026-04-24

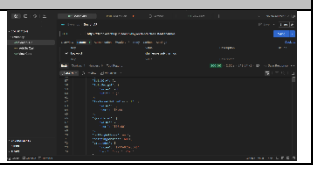

Tools: Chrome, Postman

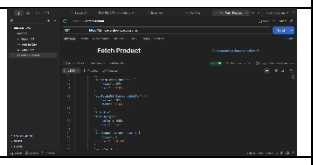

Test Case ID	Test Scenario	Precondition	Steps	Expected Result	Actual Result	Status
TID -001	Search product using full name	User is in homepage.	1. Click search bar 2. Enter valid product name “Stainless Steel Thermos” 3. Click enter	Relevant products are display	Relevant products are displayed successfully.	Pass
TID -002	Search product using partial name	User is in homepage.	1, Click search bar 2. Enter product name “stainless” 3. Press enter	Result match and show product	Relevant products are displayed successfully.	Pass
TID -003	Select product from search result	Search result visible	1. Click on product	Product details page open	Product details page open successfully	Pass
TID -004	Select color	Product details page open	1. Select product color 2. Select “Black”	Size selected successfully	Size selected	Pass
TID -005	Select quantity	Product details page open	1. select product quantity 2. quantity = 3	Quantity successfully increases	Quantity incremented successfully	Pass
TID -006	Deselect color	Product details page open	1. Deselect product color 2. Click “Add to Cart” button	An error message can show.	“Please select variant options” Message appear	Pass

TID -007	Quantity = 0	Product details page open	1. Quantity =0 2. Click “Add to Cart” button	An error message show.	“Quantity is required” message will appear.	Pass
TID -008	Add product to cart	Color and Quantity selected.	1. click “ADD TO CART” button	Product added successfully	Product added to cart successfully	Pass
TID -009	Add multiple product	One product exists in cart	1. Select another product 2. Select product color and quantity 3. click “Add to cart” button	Cart update	Cart updated successfully	Pass
TID -010	Verify cart details	Products page	1. click on cart icon	Selected products are shown with correct color and quantity	Selected products are added to cart with correct color and quantity	Pass
TID -011	Verify total price	User in view cart page	1. check individual product price 2. sum total price	Sum matches with individual prices	Total price $155 shown.	Pass
TID -012	Verify coupon code	User in view cart page	1. Click on coupon code 2. Enter invalid coupon	An error message will appear.	“Invalid coupon” message appears	Pass

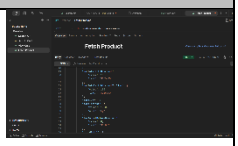

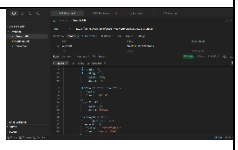

API Testing

Postman API Testing Link: https://www.postman.com/sakibur276/workspace/evershop-api-testing-cart/collection/44883923-e1a2c9ba-d1b0-48b3-9c46-a7b3b14c372f?action=share&creator=44883923

Test Case ID	Test Scenario	Module & URL	Expected Result	Actual Result	Status	Screenshot
TID -001	Search product	1. Send Get request https://demo.evershop.io/search?keyword	Show relevant product	Show added product to the cart	Fail	

		=stainless-steel-thermos				
TID - 002	Add- to-Cart product	2. Send Post request https://demo.evershop.io/api/cart/mine/items	Add correct product to the cart	Successfully added the product.	Pass	
TID - 003	View cart	1. Send Get request https://demo.evershop.io/cart	Show added product to the cart and subtotal.	Successfully show product and show grandtota.	Pass	
TID - 004	Fetch products	1. Send Get request https://demo.evershop.io/accessories	Show all products	Show added products of the cart	Fail	
TID - 005	Update product quantity	1. Send Get request https://demo.evershop.io/api/cart/mine/items/f00ded4e-aab0-46db-bad1-32fe3fdc1e36	Update product quantity	Updated product quantity successfully	Pass	

Defect Log

Defect ID	Module	Test Scenario	Module & URL	Expected result	Actual result	Severity	Drive link	Screenshot
Def - 001	Cart	Fetch products	1. Send GET request https://demo.evershop.io/accessories	Show all products	Show added products in the cart	High	https://drive.google.com/file/d/1wS1oIOprMVGgXaPKnbG9Rn9godmWzp8z/view?usp=drive_link	
Def - 002	Cart	Search product	1. Send Get request /search?keyword=stainless-steel-thermos	Show relevant product	Show added product to the cart	High	https://drive.google.com/file/d/1pLk5O1gOPkhAZhI1gEVDqqnLRl0MXk2O/view?usp=drive_link	

Test Analysis & Feedback

Strengths

- Basic search works fine
- Cart functionality is stable
- UI is clean and responsive

Weaknesses

- No suggestions/autocomplete

Recommendations

- Fixed all bugs immediately
- Add product suggestions
- Improve the filtering system
